Case No. 15-41286

Objection/Response ☒

Motion ☐

Other ☐

Objection to Claim #2

Objection to amount owed to Bank

The Bank of New York Mellon

I object to the figure stated by the Bank---

I requested for additional proof of the stated amount owed because

there are amounts that I contest and there are amounts in which were paid but that are not noted.

A Qualified Written Request (QWR) was submitted to our last know servicer but

as of today, has not been addressed properly.

This will allow us to discern the line item amounts that they describe.

Also, aside from questioning the validity of the amounts owed, I question the validity of the perfection of their stated beneficial interest of the deed of trust and note.

They have not proven their assertion of the assignment(s) perfectly, it is clear there is a break in the transfer and assignment of mortgage.

I pray that the courts will consider this objection based on the above and lack of evidence from them.
